

— ENSPEKT EQUIPMENT RENTAL

Every unit booked once, returned in known condition.

Hire equipment to your own projects and sites or out to clients, with bookings that cannot overlap and a condition report at every hand-over.

Double booking blocked by the database

Check-out and check-in condition reports

Hour and kilometre meters on every move

Your plant-hire fleet, without the whiteboard.

Rental fleets run on whiteboards and spreadsheets until two sites book the same generator. Enspekt keeps owned and sub-hired equipment, agreements, meters and documents on one register that cannot double-book.

No clashes

Overlapping active hires are refused at database level; a return on day N frees the unit for day N.

Condition on record

Condition, fuel, meter, damage and any recharge are captured at check-out and check-in.

Cost you can quote

Daily, weekly, monthly or fixed rates give an estimate at booking and the actual cost on return.

What's included

Equipment Rental: one module, everything below

Owned and sub-hired register

Sub-hires record the supplier, the sub-hire rate and the off-hire date.

Conflict-free bookings

Overlapping hires are blocked by a database constraint, with a clear message.

Internal and external hire

Charge equipment to your own projects and sites, or rent it out to clients.

Condition reports

Condition, fuel, meter reading, damage and recharge at each hand-over.

Meters

Hour or kilometre meters update on dispatch and return.

Overdue and expiry alerts

A daily sweep flags overdue hires; 30-day alerts for insurance, certificates and service.

Booking calendar

See every unit's bookings at a glance, with documents stored on the record.

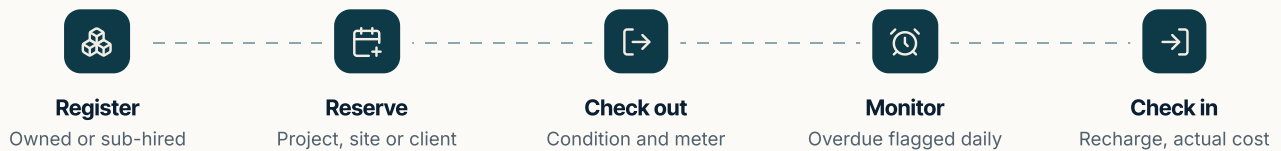

Utilisation and chargeback

Units on hire against the fleet, and the charges open on current agreements.

≡ HOW IT WORKS / 03

From reservation to return, one record per unit.

Safe to delete, never lost

Equipment with an open rental cannot be deleted, so history and charges stay intact.

Compliance dates in view

Insurance, inspection certificates, service due and off-hire dates raise alerts 30 days ahead.

Recharge on damage

Record damage at check-in with a recharge amount against the agreement.

Documents on the unit

Certificates, manuals and agreements stay attached to the equipment record.

Calendar view

Every reservation across the fleet on one booking calendar.

Linked to upkeep

Link a rental unit to its maintenance or calibration asset to keep one history.

BUILT FOR

Equipment coordinator

Site or project manager

Yard staff

Finance reviewer

Works with the rest of Enspekt.

Rental equipment sits alongside the projects, suppliers and assets it serves.

PROJECTS AND CLIENTS

Agreements reference your projects, clients and suppliers directly, so charges land where the work is.

MAINTENANCE

Link a rental unit to its maintenance or calibration asset so upkeep and hire share one history.

HR & PAYROLL

Equipment handed to an employee can be tracked as custody against that person.
