

— ENSPEKT HSE · 7 MODULES

Safe work, planned and proven.

Plan the job, brief the crew, permit the work, control who is on site and investigate what goes wrong, all on one safety record.

Permits with isolations and gas tests

Inductions with quiz and certificate

TRIR and LTIR from logged manhours

From the risk assessment to the lesson learned.

Paper permits and incident forms make it hard to see what is live on site and why things go wrong. Enspekt keeps planning, permits, site access and investigation on one record your HSE team can report from.

Controlled hazardous work

Permits carry lockout/tagout points, per-type checklists, gas readings against limits and extensions.

Only inducted people on site

Inductions with quiz and certificate, and a gate list of who is on site now.

Root cause, not blame

Investigate with 5-Why, fishbone or TapRoot, with witnesses, actions and a PDF report.

What's included

7 modules in the HSE bundle

■ HSE Incidents

Near misses to lost time, investigation methods, manhours and rates.

■ Permit to Work

Permit types, isolations, checklists, gas tests, extensions, PDF.

■ Environmental Mgmt

Aspects, legal register, permits, incidents and GHG Scope 1-3.

■ Safety Induction

Watch-gated content, quiz, certificate, QR self-induction, gate list.

■ Risk Assessment

Risk register and heatmap, JSA, toolbox talks, method statements.

■ Contingency Plans

Emergency scenarios, response teams and drills.

■ Gate Pass

Vehicles and visitors, public request link, approval, QR PDF.

BUILT AROUND

OSHA recordkeeping

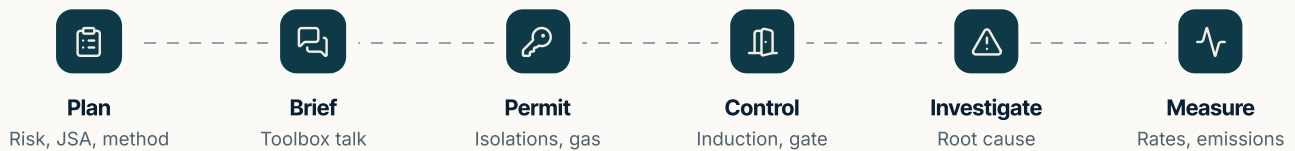

GHG Protocol

GRI 305

☰ HOW IT WORKS / 03

Plan, brief, permit, control and improve.

Your risk matrix

A configurable matrix and heatmap, treatment actions and scheduled reviews.

Inductions that stick

Video, PDF or text content with a quiz, pass mark, attempts and expiry reminders.

Self-induction by QR

Contractors induct themselves from a public link and get a verifiable certificate.

Gate pass control

Request, approve, check in and out vehicles and visitors with a QR pass.

Environment and carbon

Aspects with significance scoring, permits with renewals, and Scope 1-3 emissions.

Ready for emergencies

Contingency scenarios with named response teams and recorded drills.

BUILT FOR

HSE officer

Supervisor

Permit holder

Contractor

Gate guard

Works with the rest of Enspekt.

Safety records connect to the training, supply and quality work around them.

HR & PAYROLL

Inductions run on the training matrix, so competence and site access share one record.

SUPPLY CHAIN

An approved advance shipping notice creates a gate pass for the delivery in one click.

QUALITY

Risks link to CAPAs, NCRs, audits and complaints, so treatments are followed through.

ON EVERY ENSPEKT WORKSPACE

 Offline-first field app

 Reports & analytics

 Complete audit trail

 Role & module permissions
